## FABRICS & MATERIALS

We carefully source and work with high-quality raw materials to ensure superior hand feel and long-lasting performance.

- Combed & Ringspun Cotton
- Organic & Sustainable Cotton Options
- Single Jersey, Interlock, Piqué, Fleece
- Denim Fabrics in Multiple Weights & Washes
- Custom GSM & Fabric Development

Every fabric is selected to meet comfort, durability, and buyer specifications.

## MANUFACTURING & CAPABILITY

Our manufacturing process is built to support export standards and scalable production.

- Skilled workforce with garment expertise
- Controlled production processes
- Consistent stitching and finishing
- Capacity suited for bulk and repeat orders
- Strict quality monitoring at every stage

We focus on precision, reliability, and consistency across all orders.

## QUALITY ASSURANCE & COMPLIANCE

Quality is integrated into every step of our production process.

- Fabric inspection before production
- In-line and final garment checks
- Measurement & fit accuracy control
- Export-quality packing standards
- Compliance with buyer and market requirements

We prioritize defect prevention, not correction.

## CUSTOMIZATION & PRIVATE LABEL

We offer complete flexibility to support brand-specific requirements.

- Custom fabrics & colors
- Size grading & fit development
- Private labeling & branding
- Custom packaging options
- OEM & ODM services

From concept to shipment, we adapt to your brand vision.

# WHY PARTNER WITH US

- Premium quality focus
- Transparent & professional communication
- Export-ready documentation support
- Ethical sourcing & responsible manufacturing
- Commitment to delivery timelines
- Long-term, relationship-driven approach

We believe strong partnerships create the best products.

## EXPORT MARKETS

We work with international buyers across multiple regions and are equipped to support global trade requirements.

- Experience with export procedures
- Support for FOB, CIF & other Incoterms
- Reliable logistics coordination
- Buyer-focused execution

Our goal is to be a trusted manufacturing partner, not just a supplier.
